## Enrichment Program

### The Monarchs Philosophy:

Inspiring dynamic kids has always been at the heart of the Monarchs philosophy. We believe in inspiring a child to grow through a holistic and wholesome approach to learning. Our thoughtfully prepared learning environment centers on the development of the physical, cognitive, social and emotional human spirit to develop the child as a whole.

### The Monarchs Method:

Our distinctive learning environment inspires physical growth and discovery while our unique curriculum, which merges traditional and Montessori styles, supports the child's social, emotional, physical and cognitive growth.
